

WU Bio Club Nature Explorer

Would you like to become a WU Bio Club Nature Explorer?

Here's how you can become a Nature Explorer. Download the iNaturalist app on your device and identify any five organisms around your yard using the app (be sure to watch the

instructional video). Once you have found five organisms, make sure to fill out the google form below to receive your certificate. Once you have filled out the google form, you will be a certified WU Bio Club Nature Explorer.
